# Community Banking Stories #1 — Wellness & Development Efforts

Community Banking human resources employees

**Summary:** Every April, we celebrate Community Banking Month through a series of BID articles that showcase the efforts of local banks to serve their communities, support their staff, and enrich the customer experience. Some community banks have responded by beginning or increasing their efforts to support well-being and development of both their employees and their community.

Every April, we observe Community Banking Month by shining a light on the special efforts that community banks make to serve their communities, support their staff, and enrich the customer experience. In this article, we share the stories of community banks that have worked to increase their contribution to wellness and development for both staff and community members.

The "Stress in America<sup>™</sup> 2023" survey by the American Psychological Association reveals significant mental health challenges in the aftermath of the COVID-19 pandemic. Despite reporting good physical and mental health, a considerable percentage of adults have been diagnosed with chronic illnesses (66%) and mental health conditions (37%). Stress levels increased across all age groups surveyed, with nearly a quarter of adults rating their average stress between eight and ten on a scale of one to ten, highlighting an increased need for mental health treatment.

With the stress, uncertainty, and isolation it imposed on billions of people, the COVID-19 pandemic took a toll on many people's mental health. Some community banks have responded by beginning or increasing their efforts to support employee wellbeing and development.

### A Focus on Mental Health at Midland States Bank

In Effingham, IL, Midland States Bank and its human resources team saw more mental health-related requests for employee leave than usual during and just after the worst of the pandemic. Along with this trend, Midland observed lower average treatment costs for those conditions. "We concluded that our employees were pursuing care options for mental health less often than similarly situated employee groups," said Chief Human Resources Officer Shonna Kracinski.

Because of these insights, Midland added a mental health benefit to its comprehensive benefits package in 2023. The bank partners with an organization that offers a wellness platform that helps employees bring their best selves to all their relationships, both at work and at home.

Employees and their dependents receive free access to a mobile phone app and desktop digital library of selfpaced wellness activities, check-ins, and both group discussions and individual sessions with coaches and therapists. Participants can work on mental, physical, social, and financial wellness with coaches and therapists, who can help them with a wide range of professional and personal development, such as career changes and work-life balance. Therapy sessions can also address more standard mental health issues, such as anxiety, depression, grief, trauma, and mindfulness. Employees have enthusiastically embraced the offering. Participants have also experienced quicker access to video therapy via this service — a welcome contrast to the 6-12 months they might have waited to see a counselor locally and in person.

#### Community Wellness Focus at Nevada's Lexicon Bank

Lexicon Bank in Las Vegas, NV, is working on wellbeing and development from another angle. Its monthly Community Spotlight highlights nonprofit organizations in the Las Vegas metro area, showcasing their mission, work, events, and fundraisers. So far, the bank has supported more than 50 nonprofits this way, demonstrating the bank's commitment to adding resources to help increase the general well-being of the community.

Lexicon president and CEO Stacy Watkins is proud of the project's effort and results. "We've inspired other organizations to develop similar programs highlighting the many important nonprofit organizations in our communities," she says.

Through the Community Spotlight series, Lexicon has developed a new line of niche nonprofit products that have helped it build a reputation as the right bank for nonprofit organizations. Lexicon was voted overall best bank in the Las Vegas Review Journal's annual Best of Las Vegas Awards on the strength of its Community Spotlight series and concierge service model.

As we commemorate Community Banking Month this April, the stories shared here underscore the vital role of community banks in fostering employee well-being and development. In the wake of the COVID-19 pandemic's toll on mental health, initiatives like those at Midland States Bank and Lexicon Bank exemplify a commitment to supporting staff and enriching communities. These efforts not only enhance the banking experience but also contribute to building resilient and thriving communities. Please join us next Thursday, April 11, as we continue with our Community Banking Month series.

## PCBB IS A CERTIFIED FEDNOW® SERVICE PROVIDER

The FedNow Service, the Federal Reserve's instant payment rail, is available to use through PCBB. ## Lexicon Bank marks 5 community-centered years

Thursday, August 08, 2024 — 11:51:08 (EDT)

Las Vegas, NV – August 7, 2024 - Lexicon Bank, Southern Nevada's premier community-focused business bank, proudly celebrates its 5th anniversary today. Founded in 2019, Lexicon Bank has become a vital part of the local economy, providing unparalleled concierge banking services and demonstrating a steadfast commitment to the community.

#### A Vision Realized

Lexicon Bank was established with a clear mission: to be an approachable concierge banking partner for local businesses in Southern Nevada, no matter the size. This vision has guided the Bank since its inception, ensuring personalized solutions for small businesses, entrepreneurs, and nonprofits alike.

Lexicon plays an integral role within the Southern Nevada community. Our highly skilled bankers know firsthand the challenges and needs of Lexicon's diverse client base, which includes start-ups and large corporations. The Bank serves as a collaborative partner for both companies moving to the Valley as well as established businesses that have thrived here for decades. Lexicon's focus is to create new opportunities, aid growth, and develop solutions to meet clients' unique needs.

"When we founded Lexicon Bank five years ago, our vision was to create a community-centered financial institution that could offer personalized, concierge banking services to businesses of all sizes in Southern Nevada. Today, I am proud to say that we have not only realized that vision but have surpassed it. Our significant growth in assets, deposits, loans, dedication to community initiatives, and recognition as the 'Best Bank' in Las Vegas are testaments to our unwavering support of the community. As we look to the future, we remain dedicated to fostering prosperity and providing exceptional service to our clients and community," said Russell Rosenblum, Chairman of the Board of Directors.

#### Achievements and Growth

Over the past five years, Lexicon Bank has achieved significant milestones:

Growth: Lexicon has grown loans to \$164.7 million, deposits to \$260.9 million, and total assets to \$299.2 million through June 30, 2024. Additionally, through the growth and focus, Lexicon has grown shareholders' equity to \$27.1 million, with positive retained earnings of \$1.9 million reflecting our cumulative profits since inception, including net income of \$969,000 for the year ended December 31, 2023,

and \$983,000 for the six months ended June 30, 2024. For more financial information, visit <u>lexiconbank.com/investor-relations</u> to review our Quarterly Shareholder Reports and our 2023

Annual Report.

Community Impact: Provided crucial support to local businesses through the Paycheck Protection Program (PPP), helping over 600 small businesses stay afloat by lending \$185 million in PPP loans during the COVID-19 pandemic.

Exited De Novo Status In 3 Years: Exiting de novo status is considered a developmental milestone after which state and FDIC regulators usually reduce the frequency and level of oversight. This was a significant accomplishment as Nevada's first newly chartered bank in over a decade was founded to deliver and meet the financial service needs in Southern Nevada. Lexicon's ability to exit from the regulatory de novo status following its three-year anniversary during a unique time of the COVID crisis was an exemplary and rare accomplishment, further recognizing our strategy and progress. Formation of Lexicon Bancorp: In 2023, Lexicon completed the formation of Lexicon Bancorp as the sole shareholder of Lexicon Bank. Lexicon Bancorp also completed an investment in

PartnersHoldings, LLC and its operating entity, IconTrust, LLC, a trustee services firm based in Las Vegas.

#### The Green Sheet :: Newswire

Recognition: Most recently named "Best Bank" in Las Vegas by the readers of the Las Vegas Review-Journal in 2023. With other accolades since Lexicon's inception, such as "Best Commercial Banking," "Best Commercial Lending," and "Best Customer Service".

Community Spotlight Program: Since its inception in 2020, the Bank has highlighted and supported over 50 local nonprofits through advocacy, volunteerism, and donations, fostering stronger community ties.

Cybersecurity Newsletter: Lexicon launched a quarterly cybersecurity newsletter, which is another example of the value Lexicon has brought to the community. The newsletter helps clients understand current trends and tactics to mitigate the ever-evolving risks that fraudsters pose to information and IT system security.

### Commitment to Community

Five years ago, Lexicon Bank embarked on a mission to unlock Southern Nevada's economic potential. Today, Lexicon's diverse clientele includes an array of industries that thrive in Southern Nevada, from innovative startups to established enterprises to non-profit organizations to real estate developers and beyond.

Lexicon has fueled the growth and expansion of various sectors by offering tailored credit solutions such as commercial real estate loans, lines of credit, SBA loans, equipment financing, and construction loans. As a full-service community bank, Lexicon focuses on complementing its lending with the products and services businesses of all sizes rely on to be successful. This includes supporting restauranteurs, manufacturers, retailers, and a multitude of professional services, among others.

One such success story comes from James Trees of Esther's Kitchen, who shares: "Working with Lexicon Bank has shown me how when you have a team behind you, you can make your dream come true. Partnering with Ray at Lexicon Bank made the SBA process simple and seamless and kept us on track for success."

Lexicon Bank's commitment to the community extends beyond financial services. The Bank's Community Spotlight program, initiated in 2020, has brought much-needed attention and resources to numerous local nonprofits. "Our goal is to empower and uplift our community. When our communities succeed, we succeed," said Stacy Watkins, President & CEO.

Notable community efforts include partnerships with organizations such as the Las Vegas Metropolitan Police Department Foundation, The Center, Nevada Ballet Theatre, the Boy Scouts, and the Girl Scouts of Southern Nevada. Lexicon is proud to be a founding sponsor of Junior Achievement BizTown- Inspiration Center, reflecting our commitment to the community. Through this partnership with Junior Achievement of Southern Nevada, Lexicon aims to promote financial literacy and empower students with hands-on learning experiences. By immersing students in community banking, Lexicon invests in their potential to make informed financial decisions and become the next generation of savvy financial stewards and community leaders.

This commitment to the community extends to our non-profit clients, as demonstrated by our strong partnership with Nevada Ballet Theatre. "From our first PPP loan to the expanded banking relationship we enjoy today, Lexicon Bank has been a partner of Nevada Ballet Theatre as we've continued to grow as a business and a client. Lexicon Bank's level of service is unmatched in the banking industry, and their concierge-level focus means that they partner with us to find the products and services that fit our business goals. As part of the community for more than 50 years, Nevada Ballet Theatre is pleased to partner with Lexicon to continue that tradition together," stated Beth Barbre, President and CEO of Nevada Ballet Theatre.

These initiatives underscore the Bank's dedication to making a tangible difference in the lives of Southern Nevadans. Visit <u>lexiconbank.com/community</u> to learn more about Lexicon Bank's community spotlight program and the organizations that have been highlighted.

### Looking Ahead

As Lexicon Bank looks to the future, it remains committed to its core values of personalized service, community involvement, and financial excellence.

"As we celebrate Lexicon Bank's 5th anniversary, I am filled with immense pride for what we have achieved and excitement for what lies

ahead. Over the past five years, our dedicated team has driven remarkable growth and fostered strong community connections. However, our journey is just beginning. Looking forward, we are committed to continuing our mission of providing personalized concierge banking services and supporting the growth of Southern Nevada's businesses and communities. We are committed to further investing in innovative solutions, expanding our community programs, and delivering excellence in client service. The future holds great promise, and we are ready to embrace it with the same dedication and passion that have brought us to where we are today," added Stacy Watkins, President and CEO.

About Lexicon Bank

Founded in 2019, Lexicon Bank is Nevada's community-focused banking partner. Lexicon Bank provides personal, comprehensive banking services to business and individual banking clients, emphasizing creating and nurturing long-term relationships. By providing personalized services to all clients, Lexicon Bank helps to foster Southern Nevada's economy and community—ultimately helping to grow and develop the region's local businesses. The Bank is redefining banking as it should be in Southern Nevada by creating a concierge-like experience for businesses, regardless of size. Lexicon Bank is located in Tivoli Village at 330 S. Rampart Blvd., Suite 150.

2. CRA Performance Evaluation

## PUBLIC DISCLOSURE

April 12, 2021

## COMMUNITY REINVESTMENT ACT PERFORMANCE EVALUATION

Lexicon Bank Certificate Number: 59117

330 South Rampart Boulevard Las Vegas, NV 89145

Federal Deposit Insurance Corporation Division of Depositor and Consumer Protection San Francisco Regional Office

25 Jessie Street at Ecker Square, Suite 2300 San Francisco, California 94105

This document is an evaluation of this institution's record of meeting the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with safe and sound operation of the institution. This evaluation is not, nor should it be construed as, an assessment of the financial condition of this institution. The rating assigned to this institution does not represent an analysis, conclusion, or opinion of the federal financial supervisory agency concerning the safety and soundness of this financial institution.

## **INSTITUTION RATING**

## INSTITUTION'S CRA RATING: This institution is rated Satisfactory.

An institution in this group has a satisfactory record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

### The Lending Test is rated <u>Satisfactory</u>.

- The loan-to-deposit (LTD) ratio is more than reasonable given the institution's size, financial condition, and assessment area (AA) credit needs.
- The bank made majority of its small business loans within its AA.
- The geographic distribution of loans reflects reasonable dispersion throughout the AA.
- The distribution of borrowers reflects, given the demographics of the AA, poor penetration among businesses of different sizes.
- The institution did not receive any CRA-related complaints; therefore, this factor did not affect the Lending Test rating.

## **DESCRIPTION OF INSTITUTION**

Lexicon Bank (LB) is a commercial lender operating a single branch headquartered in Las Vegas, Nevada. The bank opened for business on August 12, 2019, and has no affiliates or subsidiaries. Although the bank's branch location changed from 350 S. Rampart Blvd., Suite 180 to 330 S. Rampart Blvd., Suite 150, Las Vegas, NV 89145 in January of 2020, the bank's original location served only as a temporary location while the permanent location was built. The branch continues to be located in the same middle-income census tract (CT).

Bank offered products include commercial lines of credit, term loans, equipment financing, construction loans, commercial real estate loans, and Small Business Administration's Paycheck Protection Program (PPP) loans. Specifically, commercial loans represented 92.0 percent of the bank's total loans by dollar volume on the December 31, 2020 Reports of Condition and Income (Call Report). The bank does not offer consumer loan products. LB provides business and personal checking, personal interest checking, money market, and certificate of deposit accounts. Alternative banking services offered include online and mobile banking consisting of mobile deposit, online bill pay, and e-statements. The bank does not have any ATMs.

According to the December 31, 2020 Call Report, LB's assets totaled approximately \$252 million, including total loans of \$155 million and total securities of \$15 million. The bank reported total deposits of \$136 million. The following table details LB's loan portfolio.

Loan Portfolio Distribution as of 12/31/2020						
Loan Category	\$(000s)	%				
Construction, Land Development, and Other Land Loans	3,842	2.5				
Secured by Farmland	0	0.0				
Secured by 1-4 Family Residential Properties	4,709	3.0				
Secured by Multifamily (5 or more) Residential Properties	6,351	4.1				
Secured by Nonfarm Nonresidential Properties	32,189	20.8				
Total Real Estate Loans	47,091	30.4				
Commercial and Industrial Loans	110,356	71.2				
Agricultural Production and Other Loans to Farmers	0	0.0				
Consumer Loans	0	0.0				
Obligations of State and Political Subdivisions in the U.S.	0	0.0				
Other Loans	0	0.0				
Lease Financing Receivable (net of unearned income)	0	0.0				
Less: Unearned Income	2,404	1.6				
Total Loans	155,043	100.0				
Source: December 31, 2020 Reports of Condition and Income						

Examiners did not identify any financial, legal, or other impediments that affect the bank's ability to meet AA credit needs.

## DESCRIPTION OF ASSESSMENT AREA

The CRA requires financial institutions to define one or more AAs within which its CRA performance will be evaluated. LB designated Clark County as its single AA, consisting of the entire Metropolitan Statistical Area #29820- Las Vegas-Henderson- Paradise, Nevada. There have been no changes to the AA since the bank began operations. The institution's AA complies with CRA requirements and does not arbitrarily exclude low- and moderate-income CTs.

### **Economic and Demographic Data**

According to 2015 American Community Survey (ACS) Census data, Clark County has a total population of two million and consist of 487 CTs with the following income designations:

- 28 low-income tracts
- 128 moderate-income tracts
- 181 middle-income tracts
- 149 upper-income tracts
- 1 tract without an income designation

The following table illustrates select demographic, housing, and business information of the AA.

Demogr		con Bank A	e Assessment	AIta		
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #

Household Distribution by Income Level	724,446	22.6	17.0	18.8	41.6	0.0
Median Family Income MSA - 29820 Las Vegas-Henderson-Paradise, NV MSA		\$59,993	Median Housi	ing Value		\$169,213
			Median Gross	Rent		\$1,032
			Families Belo	w Poverty Le	evel	11.9%

According to 2020 D&B data, there were 131,791 business in the AA. Gross annual revenues (GARs) reported for these businesses are as follows:

- 86.7 percent have \$1 million or less,
- 4.4 percent have more than \$1 million, and
- 8.9 percent have unknown revenues.

The service industry accounts for 40.0 percent of businesses in the area, followed by nonclassifiable establishments at 21.1, and retail trade at 13.5 percent. Additionally, 59.4 percent of businesses in the area have four or fewer employees and 90.5 percent operate from a single location.

Examiners obtained economic information for Clark County from Moody's Analytics.

## Clark County

According to the November 2020 Moody's Analytics report, the economy of the Las Vegas area continues to slowly recover from the COVID-19 pandemic. The unemployment rate for the area, at 13.9 percent, is in line with the western part of the nation. Although the leisure, hospitality, and service industries continue to reflect slow employment recoveries, the area has recovered 60 percent of jobs lost from the pandemic. The retail industry's rebound is a significant driver of the recovery. Nevertheless, Las Vegas ranks top four in unemployment rates for Metropolitan Statistical Areas and Metropolitan Divisions in the nation. The area continues to suffer from reduced casino capacities and limited tourism, specifically from international travelers, resulting in a 40.0 percent decrease in gaming revenue. Additional challenges affecting the area include restrictions of other states, directly impacting business closures due to tourism influxes. The top five employers for the AA include: MGM Resorts International, Caesars Entertainment Corp., Stations Casinos Inc., Wynn Las Vegas LLC, and Boyd Gaming Corp.

### **Competition**

According to the FDIC's Deposit Market Share report for June 3, 2020, 42 institutions operated 326 offices in the AA. Deposits in the area totaled approximately \$95 billion of which LB held \$119 million. LB ranked 28<sup>th</sup> in this group with a market share of 0.1 percent. Several large national institutions operate within the AA. The top four large banks that accounted for 71.3 percent of the market share consist of: Bank of America, National Association (NA) at 21.7 percent; Wells Fargo Bank, NA at 33.4 percent; Charles Schwab Trust Bank at 10.6 percent; and JP Morgan Chase Bank, NA at 5.7 percent. This indicates strong competition for loans and deposits in Clark County.

The institution is not required to and did not elect to report small business loan information. Although not a direct comparison, reported aggregate data serves as an indicator of competition and demand for small business loans in area. According to 2019 reported data, 161 banks reported 51,996 small business loans, indicating high competition for small business loans. The top three lenders in the area that accounted for 54.4 percent of the small business market share include: American Express National Bank at 14.3 percent; JP Morgan Chase Bank, NA at 18.4 percent; and Bank of America, NA at 13.7 percent.

### **Community Contact**

Examiners reviewed one existing community contact with a public-private nonprofit entity serving Clark County. The contact indicated the pandemic has severely impacted the hospitality and entertainment industries in Las Vegas. However, the local economy is seeing some recovery, as unemployment rates are decreasing. The contact indicated credit needs exists for start-up and expanding businesses. Additional opportunities exist for bank employees to serve as board members and provide funding through donations to local economic development organizations. Bank employees can also provide financial expertise to assist new and existing businesses in the area.

## **Credit Needs**

Based on economic information, local demographics, and the community contact, examiners determined there is a need for small business loans. Small businesses represent a significant portion of the area, with 86.7 percent of businesses having GARs of \$1 million or less and 59.4 percent with 4 or fewer employees, indicating small business lending opportunities. Community development opportunities to provide financial expertise to start-up and expanding businesses also exists.

## SCOPE OF EVALUATION

### **General Information**

Examiners evaluated the bank's CRA performance using the Interagency Small Institution Examination Procedures. The evaluation period covers from the bank's inception dated August 12, 2019, to the current evaluation dated April 12, 2021. Examiners relied on records provided by the institution, public financial and loan information, demographic data, community contacts, and reported loan information.

### Activities Reviewed

Examiners determined the institution's major product line as small business loans given the bank's business strategy, loan portfolio composition, and lending activity. Examiners also used the bank's records to determine which product line to review. Examiners did not analyze or present home mortgage or small farm loans. Although the bank made four dwelling-secured loans in 2019 and three dwelling-secured loans 2020, the volume by number and dollar amount is nominal and does not represent a major product line. LB does not offer small farm or consumer loans.

Examiners analyzed the entire universe of small business loans by number and dollar volume under the Lending Test. The bank originated 12 small business loans totaling \$4.2 million in 2019 and 634 small business loans totaling \$78.8 million in 2020. LB participated in the PPP accounting for 589 loans or \$65 million of total small business loans in 2020.

Examiners emphasized performance by number of loans because it is a better indicator of the number of businesses served. The bank is not required to collect or report small business loan data nor is it required to consider or collect revenue information for PPP loans. Nonetheless, the bank collected small business loan data including GAR information for 466 of the PPP loans. Given inconsistencies in the bank's lending performance, due to LB's new operations and the significant number of PPP loans, examiners analyzed and presented both 2019 and 2020 small business loans for the AA Concentration, Borrower Profile, and Geographic Distribution criteria. Examiners compared the bank's lending performance to D&B data and 2015 ACS Census data.

## **CONCLUSIONS ON PERFORMANCE CRITERIA**

## LENDING TEST

LB's lending performance is reasonable under the Lending Test. The institution's reasonable performance under the Geographic Distribution and poor performance under the Borrower Profile criteria support this conclusion.

### Loan-to-Deposit Ratio

LB's average LTD ratio is more than reasonable given the institution's size, financial condition, and AA credit needs. The LTD ratio averaged 91.2 percent over a six-quarter period from September 30, 2019, to December 31, 2020. The ratio ranged from a high of 126.5 percent on September 30, 2020, to a low of 5.4 percent on September 30, 2019, as a result of newly established bank operations. A high volume of PPP loans in 2020 attributed to the significant increase. Examiners identified five similarly-situated institutions based on the geographic location, loan portfolio composition, and asset size. The bank's performance is higher than all five similarly-situated institutions, as shown in the following table.

Total Assets as of	Loan-to-Deposit (LTD) Ratio Comparison					
12/31/2020 (\$000s)	Average Net LTD Ratio (%)					
251,757	91.2					
246,489	74.1					
210,205	66.5					
269,501	89.3					
470,732	83.0					
137,749	64.7					
-	251,757 246,489 210,205 269,501 470,732					

### Assessment Area Concentration

LB made a majority of its small business loans in the AA. In 2019, the bank originated all of its small business loans inside its AA. Although the bank's performance decreased in 2020, the majority of loans remained within the AA. The bank's performance indicates adequate responsiveness to the AA credit needs. The following table shows the distribution of small business loans by number and dollar volume inside and outside the bank's AA.

	I	Number o	f Loans			Dollar A	mount o	of Loans \$(	(000s)	
Loan Category	Inside Outside		Total	Inside		Outside		Total		
	#	%	#	%	#	\$	%	\$	%	\$(000s)
Small Business										
2019	12	100.0	0	0.0	12	4,231	100.0	0	0.0	4,231
2020	504	79.5	130	20.5	634	53,838	68.3	24,943	31.7	78,781
Subtotal	516	79.9	130	20.1	646	58,069	70.0	24,943	30.0	83,012
Total	516	79.9	130	20.1	646	58,069	70.0	24,943	30.0	83,012

## **Geographic Distribution**

The geographic distribution of small business loans reflects reasonable dispersion throughout the AA. Examiners used demographic information; D&B data, focusing on percent of businesses by CT income level; and bank records to arrive at this conclusion. In 2019, the bank's performance was above the percent of businesses located in low-income tracts by 4.7 percent points and nearly mirrored the percent of businesses in low-income CTs for 2020 with only a 0.6 percent point difference. Small business lending opportunities are limited as shown by the low level of businesses in low-income CTs. In 2019, LB's lending in moderate-income CTs exceeded the percent of businesses located in moderate-income CTs by 3.7 percent points. However, lending in moderate-income CTs decreased by 7.7 percent points from 2019 to 2020. Although the bank's lending in moderate-income tracts decreased in 2020, the volume of small business loans by number significantly increased.

While not used as a benchmark for lending performance, aggregate data is indicative of small business credit needs in the AA. In 2019 aggregate data shows 3.1 percent of small business loans were originated in low-income CTs, this is also indicative of limited small business credit opportunities. Aggregate data demonstrates 18.3 percent of small business loan originations in moderate-income CTs. LB's lending in moderate-income CTs for 2019 outperformed large institutions by 6.7 percent points. Aggregate data for 2020 small business loans is not yet available. Overall, the bank's geographic distribution is considered reasonable. The following table shows the bank's geographic distribution of small business loans by CT income level.

Geographic Distribution of Small Business Loans									
Assessment Area: Lexicon Bank AA									
Tract Income Level	% of Businesses	#	%	\$(000s)	%				
Low									
2019	3.6	1	8.3	100	2.4				
2020	3.6	15	3.0	3,924	7.3				
Moderate									
2019	21.3	3	25.0	1,015	24.0				
2020	21.0	87	17.3	13,250	24.6				
Middle					-				
2019	38.2	6	50.0	2,516	59.5				
2020	38.7	183	36.3	16,581	30.8				
Upper					-				
2019	36.2	2	16.7	600	14.2				
2020	36.1	211	41.9	18,909	35.1				
Not Available					-				
2019	0.6	0	0.0	0	0.0				
2020	0.6	8	1.6	1,175	2.2				
Totals		-							
2019	100.0	12	100.0	4,231	100.0				
2020	100.0	504	100.0	53,838	100.0				

### **Borrower Profile**

The distribution of borrowers reflects, given the demographics of the AA, poor penetration among businesses of different sizes. Examiners compared the bank's performance to the distribution of businesses by GARs according to D&B data. The following table shows the bank's small business loans by GARs.

Distribution of Small Business Loans by Gross Annual Revenue Category									
Assessment Area: Lexicon Bank AA									
Gross Revenue Level	% of Businesses	#	%	\$(000s)	%				
<=\$1,000,000									
2019	86.6	4	33.3	1,546	36.5				
2020	86.7	276	54.8	26,528	49.3				
>1,000,000									
2019	4.6	6	50.0	2,110	49.9				
2020	4.4	105	20.8	25,129	46.7				
Revenue Not Available									
2019	8.8	2	16.7	575	13.6				
2020	8.9	123	24.4	2,181	4.1				
Totals									
2019	100.0	12	100.0	4,231	100.0				
2020	100.0	504	100.0	53,838	100.0				

In 2019 and 2020, the institution's lending performance to businesses with GARs of \$1 million or less is significantly below demographic data by 53.3 and 31.9 percent points, respectively. Not all small businesses noted within the D&B data may have credit needs or be creditworthy. Although the bank's performance increased from 2019 to 2020, the increase is attributed to the origination of 589 PPP loans, accounting for approximately 93.0 percent of small business loans in 2020. While the bank collected GARs information for a majority of its PPP loans, GARs information was not available for 123 PPP loans.

Examiners also analyzed the bank's small business lending performance excluding PPP loans. Not including PPP loans, the bank made 43 small business loans inside the AA totaling \$13 million in 2020. LB originated 27.9 percent of small business loans to businesses with GARs of \$1 million or less. The bank's performance excluding PPP loans also compares unfavorably to demographic data of 86.7 percent, further supporting the bank's poor small business lending performance.

While not used as a direct comparison, aggregate data is used to determine the demand for small business credit. In 2019, the bank's performance remained below aggregate data where large institutions reported 47.1 percent of small business loans in the AA were made to businesses with GARs of \$1 million or less.

#### **Response to Complaints**

LB has not received any CRA-related complaints since the bank's inception; therefore, this criterion did not affect the rating.

#### DISCRIMINATORY OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

The bank's compliance with the laws relating to discrimination and other illegal practices was reviewed, including the Fair Housing Act and the Equal Credit Opportunity Act. Examiners did not identify any discriminatory or other illegal credit practices.

#### APPENDICES

#### SMALL BANK PERFORMANCE CRITERIA

#### **Lending Test**

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) by considering the following criteria:

- 1) The bank's loan-to-deposit ratio, adjusted for seasonal variation, and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;
- 2) The percentage of loans, and as appropriate, other lending-related activities located in the bank's assessment area(s);
- 3) The geographic distribution of the bank's loans;
- 4) The bank's record of lending to and, as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes; and
- 5) The bank's record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment area(s).

#### GLOSSARY

**Aggregate Lending:** The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

**American Community Survey (ACS):** A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five year estimates based on population thresholds.

**Area Median Income:** The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

**Assessment Area:** A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

**Census Tract:** A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

**Combined Statistical Area (CSA):** A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

**Consumer Loan(s):** A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

**Core Based Statistical Area (CBSA):** The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

**Family:** Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into "male householder" (a family with a male householder and no wife present) or "female householder" (a family with a female householder and no husband present).

**FFIEC-Estimated Income Data:** The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

**Full-Scope Review:** A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (e.g., geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (e.g., innovativeness, complexity, and responsiveness).

**Geography:** A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

**Home Mortgage Disclosure Act (HMDA):** The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

**Home Mortgage Loans:** Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

**Housing Unit:** Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

**Limited-Scope Review:** A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is often analyzed using only quantitative factors (e.g., geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

**Low-Income:** Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

**Market Share:** The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

**Median Income:** The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

**Metropolitan Division (MD):** A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary

counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

**Metropolitan Statistical Area (MSA):** CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

**Middle-Income:** Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

**Moderate-Income:** Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

**Nonmetropolitan Area** (also known as **non-MSA**): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

**Owner-Occupied Units:** Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

**Rated Area:** A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

**Small Business Loan:** A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

**Small Farm Loan:** A loan included in "loans to small farms" as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

**Upper-Income:** Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

**Urban Area:** All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, "urban" consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

"Urban" excludes the rural portions of "extended cities"; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

## Where international, state, county, and/or MCD/CCD boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

Geographic area names are followed by either their FIPS or census code.

1 A ' ° ' following an MCD name denotes a false MCD. A ' ° ' following a place name indicates that a false MCD exists with the same name and FIPS code as the place; the false MCD label is not shown.

2 Place label color corresponds to the place fill color.

3 Census tracts are identified by an up to four-digit integer number and may have an optional two-digit suffix; for example 23 or 1457.02. The census tract codes consist of six digits with an implied decimal between the fourth and fifth digit corresponding to the basic census tract number, but with leading zeros, and trailing zeros for census tracts without a suffix. The tract number examples above would have codes of 002300 and 145702, respectively.

Due to space limitations, some road names, along with other feature and geography names on the map, may not be shown.

Note: This index map sheet provides the map sheet configuration in relation to the subject entity. Due to scale limitations, map content may be simplified. Refer to parent and/or inset map sheets for detailed map content.

All legal boundaries and names are as of January 1, 2020. The boundaries shown on this map are for Census Bureau statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights of ownership or entitlement.
